

Kiran S M

Full Stack Web Developer

Bengaluru 

8123873689 

smkiran.09@gmail.com 

As a software professional, I would like to deploy my web development and problem-solving skills in a challenging environment to improve myself and contribute to the company's growth.

Experience

JAN 2020 – PRESENT
Software Developer

Influensell Digilab Pvt Ltd Bangalore

As a Key developer, I worked on multiple projects, design and developed the responsive websites in pixel scale matching according to the project, client design description, and helped to debug the crucial issues in the production site. Additionally, I know the UI/UX design, effective SEO, and Digital Marketing Strategies.

My majorly worked projects are E-Commerce websites, developing CRM, Educational Institution websites, Virtual product launching, personal websites, and WordPress blogs.

Education

JULY 2018

B.E in Telecommunication Engineering from Dayananda Sagar College of Engineering, Bengaluru
